Unique Student Identifier (USI)

From 1 January 2015, Austrain Academy can be prevented from issuing you with a nationally recognised VET qualification or statement of attainment when you complete your course if you do not have a Unique Student Identifier (USI). This applies whether you are doing a full Qualification or a single Unit of Competence.

If you have not yet obtained a USI you can apply for it directly at <https://www.usi.gov.au/your-usi/create-usi> on computer or mobile device. Please note that if you would like to specify your gender as 'other' you will need to contact the USI Office for assistance.

If you would like us to apply for a USI on your behalf, you must authorise Austrain Academy to do so and declare that you have read the privacy information at <https://www.usi.gov.au/documents/privacy-notice>. When we apply for a USI on your behalf the Registrar will verify your identity through the Document Verification Service (DVS) managed by the Attorney- General's Department. This service is built into the USI online application process and verifies documents such as a Medicare card, birth certificate, driver's licence, Australian passport, citizenship document, certificate of registration by descent, ImmiCard or Australian entry visa. If you do not have a document suitable for the DVS and we are authorised to do so by the Registrar we may be able to verify your identity by other means. If you do not have any of the identity documents mentioned above, and we are not authorised by the Registrar to verify your identity by other means, we cannot apply for a USI on your behalf and you should contact the Student Identifiers Registrar.

In accordance with section 11 of the Student Identifiers Act 2014 (SI Act), we will securely destroy personal information which we collect from you solely for the purpose of applying for a USI on your behalf as soon as practicable after the USI application has been made or the information is no longer needed for that purpose, unless we are required by or under any law to retain it. The personal information about you that we provide to the Registrar, including your identity information, is protected by the Privacy Act 1988 Cth (Privacy Act). The collection, use and disclosure of your USI are protected by the SI Act.

If you have a USI, you must provide it to Austrain Academy for verification with the Student Identifiers Registrar. If you have lost your USI, you may authorise Austrain Academy to locate it.

You may access your USI account and provide permission for Austrain Academy to view your training records/transcript to assist with an application for Recognition of Prior learning (RPL). You may also give Austrain Academy permission to view and update your account details. See <https://www.usi.gov.au/transcripts/info-for-students> for more information.

Fee Administration Policy

Austrain Academy offers programs / services on a government subsidised or commercial basis.

The policy applies to:

- AQF Qualifications and Statements of Attainment
- Recognition of Prior Learning (RPL)
- Customised training developed for individuals, enterprises and client groups
- Commercial non-accredited courses
- Consultation Services
- Compliance Systems

There are two fee structures:

1. Government funded/subsidised training under Smart & Skilled – see also Smart and Skilled Fee Administration Policy

<https://www.austrainacademy.com.au/info/our-policies>

A person who is eligible to receive subsidised training in all Smart and Skilled Programs (except Smart and Skilled Entitlement Apprenticeships and Traineeships Program) is a person who, at the time of enrolment in a qualification or course on the NSW Skills List or a “short course” with a Smart and Skilled provider:

- (a) lives or works in NSW (determined by postcode of the usual place of residence or place of work); or
- (b) an Aboriginal or Torres Strait Islander student who does not live or work in NSW but lives in specific defined interstate NSW border areas (see *Appendix 2: Defined interstate NSW border areas*) is eligible for government-subsidised training under Smart and Skilled; and
- (c) is: (i) an Australian citizen; or (ii) a permanent Australian resident; or (iii) a New Zealand citizen; or (iv) a humanitarian visa holder or a partner visa holder whose sponsor is a humanitarian visa holder; and
- (d) is aged 15 years or older; and
- (e) is no longer in secondary education - except for registered home school students

Austrain Academy conducts government subsidised training & assessment for the following types of Qualifications or Part Qualifications: Entitlement Full Qualifications; Entitlement Apprenticeships and Traineeships Qualifications; Targeted Priorities Full Qualifications and Targeted Priorities Prevocational and Part Qualifications. Eligibility criteria apply to these programs and these may be found at <https://education.nsw.gov.au/skills-nsw/students-and-job-seekers/low-cost-and-free-training-options/smart-and-skilled-training>

Austrain Academy must charge the relevant fee set by the NSW government. These fees are based on the qualification and the characteristics of the student. The fee is set for the whole qualification and is not an annual fee. The fee should be determined at enrolment. The student will pay the fee for the qualification that applies in the year when they commence training and will not be affected by any subsequent changes to Smart and Skilled fees. These fees can be accessed at the above website and will be confirmed in writing to the prospective student prior to the completion of the enrolment process. We will provide you an Eligibility Enquiry Report detailing the student fees payable. If you wish to proceed with your enrolment, Austrain Academy will provide a **Notification of Enrolment**.

These fees may be adjusted by any Recognition of Prior Learning (RPL) or Credit Transfer (CT) granted and will reduce the total Student Fee. This is determined by using the Smart and Skilled Provider Calculator. We must sight appropriate evidence, such as a testamur, or a transcript of academic record/achievement or a USI Transcript to grant CT.

You MUST provide any copies of Transcripts for UOC's you have previously attained - any delay may result in incorrect fees charged. You may also visit the [USI Registry](#) to download a transcript of previous training you may have completed. You will be informed and your fees adjusted if any RPL or CT is reported after the **Notification of Enrolment process**.

Fees will be invoiced to either the Student or Employer (some Modern Awards include provision for Employer payment of fees on behalf of their apprentice or trainee and where this is the case the employer will pay the Student Fee – see www.fairwork.gov.au) as indicated on Austrain Academy's enrolment form.

If not indicated, fees will be invoiced to the student. Employers will be invoiced on the same basis as students, with provision for payment by instalments if required by the employer. (All references in this policy to charging a Student Fee and to make the student aware of fees and costs, encompasses charging anyone else who may pay the fee on behalf of the student. This includes, but is not limited to: the student; the student's employer; parent / guardian.)

Fees will be invoiced at 50% of the total qualification student fee upon completion of the enrolment process. (These fees will not exceed \$1,000.00 prior to qualification/course commencement).

The balance of the student fee will be triggered by commencement of 50% of the units of competence for the qualification / course. (These fees will not exceed \$1,500.00 in advance. Austrain Academy must comply with Clause 7.3 of the ASQA Users' Guide: Standards for Registered Training Organisations (RTOs) 2015 relating to a Provider's responsibility to protect prepaid fees by learners. RTOs may collect up to \$1,500 in prepaid fees from a learner without needing to take any action to protect these fees.)

(Commencement of the course / qualification is defined by Austrain Academy as the student receiving or being given access to learning / training materials for at least one Unit of Competence (UOC). The student must sign to acknowledge receipt of these materials.)

You may make an arrangement with Austrain Academy to pay off these fees. The minimum arrangement is \$25.00/week. You MUST contact Austrain Academy office to make this arrangement, prior to your invoice due date. (14 days from invoice issued date). You will be contacted by Austrain Academy Administration within 7 days of failure

to meet the payment terms. Failure to meet the terms of the payment arrangement will result in the full invoice amount falling due. This may also result in training not commencing or suspension of training.

All outstanding fees MUST be paid by completion of your course/qualification. Failure to complete payment will result in non-issuance of your statement of attainment / record of results/testamur and your debt may be referred to an independent Debt Recovery Agency.

Withdrawal without Penalty

Austrain Academy will refund/credit any fees paid, without incurring an administration fee, if you wish to withdraw from the course/qualification within 10 working days from the date of your signing the Austrain Academy enrolment form.

You must provide your withdrawal notice including your reasons for withdrawal in writing to Austrain Academy, utilising the **Withdrawal / Refund Application Form** if you wish to withdraw at any time during the course.

Discontinuing / Transferring Out / In

Withdrawal after 10 working days will incur the following fees, based upon commencement of UOC's in your qualification/course.

Total student fee divided by number of UOC's in the qualification times by the number of UOC's commenced.

Example:

Certificate III in Hospitality – SIT30616

Total Student Fee First Qualification: \$1450.00

Total UOC in Qualification/course: 15

Commenced UOC's: 1

$1450 \div 15 \times 1 = \97.00 fee (rounded up to nearest \$1.00)/unit commenced.

In this example if you had commenced 4 UOC's the fee would be \$388.00.

If you have paid more than this amount a refund will be issued via your original payment method, and an invoice detailing all fees applied and any refunds due will be provided.

All discontinuing / transferring students will be provided –

- A statement of attainment within 28 days of the notice of discontinuance
- An up-to-date Training Plan
- A statement of fees issued by Austrain Academy including any refunds for fees paid for UOC's not completed.
- For apprentices or trainees – notification / cancellation form to the local Training Services NSW office within 14 days of notification of discontinuation of the training

Note - The above process is also applicable if a student withdraws from training not of their own accord eg. Austrain Academy ceases to operate as a training provider, is no longer approved to deliver Smart and Skilled training or changes to delivery mode post enrolment. Students in these situations will be supported to complete their training in a replacement course with a subsequent provider. If the student in this situation elects to transfer to another provider, the student fee charged in total by the two Smart and Skilled providers cannot exceed the Student Fee quoted by the initial provider.

Students transferring to Austrain Academy in this situation must supply the documentation listed above from their former training provider to Austrain Academy. If this documentation cannot be sourced (due to eg. Provider closure); Austrain Academy will contact the Department to determine the fee to be charged to the student.

Deferring Students

Enrolled students may defer their training for a maximum period of 12 months. Students must notify Austrain Academy in writing of their request to defer. There will be no requirement to pay student fees during the deferral period. A new invoice will be issued with the balance of student fees owing once the deferral period is completed. Enrolled students who do not recommence within a 12 month period will be subject to the withdrawal process outlined above.

Training Package Transition

Where a student is enrolled in a qualification that is superseded and is required to / chooses to transition to the new qualification, the student fee will remain the same.

Fee Categories:

Standard Student - First Qualification

This fee applies to students who do not hold a post school qualification from any tertiary sector in Australia or overseas. Qualifications not deemed to be post-school qualifications are qualifications achieved:

- while at school as part of secondary education, or
- prior to turning 17 or aged 15 - 17 at commencement of training

The following qualifications are not deemed to be post-school qualifications, and as a result, a student who holds only these post-school qualifications will pay the First Qualification Fee:

- qualifications achieved while at school as part of a student's secondary education
- qualifications achieved prior to turning 17
- Certificate I qualifications
- Certificate IV in Tertiary Preparation
- Smart and Skilled foundation skills qualifications
- any other qualification (up to and including Certificate III) that is aimed at developing foundation skills as identified in the Draft National Foundation Skills Framework (core skills or competencies that underpin workforce participation, productivity, and social inclusion).

Standard Student - Subsequent Qualification

This fee applies to students who already hold a post-school qualification from any tertiary sector in Australia or overseas. This fee is the higher of the two Standard Student Fees. Where a student completes a Smart and Skilled Qualification and enrolls in another (except an apprenticeship or traineeship), the student will be charged this fee for the subsequent qualification.

Apprenticeship and Traineeship Fees

The fee for a qualification delivered under an apprenticeship or traineeship pathway is lower than the fee for a qualification not delivered under these pathways.

Apprenticeship qualification fees are capped at \$2,000 and Traineeship qualification fees are capped at \$1,000.

Fee Free Apprenticeships & Traineeships

NSW apprentices & trainees who are funded under Smart & Skilled and who commence training for the first time on or after 1 July 2018 (for apprentices) and 1 January 2020 (for trainees) are eligible for a Fee Free Apprenticeship or Traineeship. This includes:

1. Apprentices who commence subsidised training for the first time on or after 1 July 2018 and Trainees who commence subsidised training for the first time on or after 1 January 2020
2. Apprentices & Trainees whose apprenticeship/traineeship is cancelled and subsequently recommence an apprenticeship in the same vocation with a different employer, and recommence subsidised training on or after the above dates
3. Apprentices & Trainees whose apprenticeship/traineeship is cancelled, and subsequently commence a new apprenticeship in a new vocation with a same/different employer, and commence in subsidised training on or after the above dates
4. An Apprentice or Trainee who has completed an apprenticeship/traineeship and is undertaking a subsequent apprenticeship/traineeship and is commencing the subsidised training on or after the above dates

For 2 and 3 above, and in some scenarios 4; must be awarded Credit Transfer (CT) and / or Recognition of Prior Learning (RPL) (where relevant), and this is reflected in the Notification of Enrolment through the Provider Calculator. Where this occurs, only the proportion of training that is undertaken after 1 July 2018 for the new apprenticeship qualification and 1 January 2020 for the new traineeship qualification is fee free.

Specific apprentice exclusions from eligibility for fee free training, are where a NSW apprentice or trainees who commenced training prior to 1 July 2018 (apprenticeship) and 1 January 2020 (traineeship) recommences their subsidised training:

- a) with the same provider, and is employed by the same employer in the same vocation, or
- b) changes provider and remains party to a training contract with the same employer and in the same vocation
- c) commenced training under a school based apprenticeship/traineeship prior to the above dates and then transitions to a full apprenticeship on or after those dates.

The apprentice / trainee must be granted CT / RPL and be subject to reduced fees due to CT / RPL.

Concession Fees

Concession Fees are discounted fees and are a flat fee of up to \$240.00 (depending on the qualification chosen) for all Certificate levels up to and including Certificate IV. A Fee Concession is available and may be applied for using the appropriate **form** if the student is a recipient of eligible Commonwealth benefits or allowances, or a dependent child, spouse or partner of a person receiving the eligible benefit.

Where a student is eligible for a concession and has been awarded CT and/or RPL, if the relevant adjusted Standard Student fee (First or Subsequent) is lower than the concession fee, the student will pay the lower fee. (See the Concession Form for the list of eligible benefits and required documentary proof, or contact Austrain Academy.)

Note - there are no concessions for students enrolling in Diploma and Advanced Diploma level qualifications.

Fee Free Training & Fee Exemptions / Waivers

- Identified full qualifications on the NSW Skills List that are funded under the NSW Fee Free initiative. Our courses that fall into these categories will be clearly identified in our marketing and enrolment forms. Places may be limited.

Part Qualification Fees

Students undertaking a part qualification will not be charged a fee as these programs are fully subsidised by the NSW Government. Completing a part qualification under the Targeted Priorities Prevocational and Part Qualifications Program does not affect the fee eligibility of a student subsequently undertaking a full qualification under Smart and Skilled EFQ or TPFQ Programs. If they are required to pay a student fee, then the student must pay either the Standard Student – First Qualification Fee or the Concession Fee.

Where a student, as a result of undertaking two or more part qualifications under the Targeted Priorities Prevocational and Part Qualifications Program is awarded a full qualification, and subsequently undertakes a full qualification under the Entitlement or Targeted Priorities Full Qualifications program, and they are required to pay a student fee, the student must pay either the Standard Student – Subsequent Qualification Fee or the concession fee if a fee exemption is not applicable. The student must indicate at enrolment that they have previously achieved a full qualification.

Student Support, Welfare and Guidance

We will assist all students in their efforts to complete our training programmes. We will make all reasonable effort to make adjustments to support the needs of those we identify as requiring extra support.

There are many reasons students may need extra support. Some of these reasons may include: People with disability; long term unemployed people; people from culturally and linguistically diverse backgrounds and people experiencing poverty. We will discuss with these students how we will plan, deliver and assess training to take into account their needs.

If you are experiencing difficulties with your studies for any reason; we recommend that you contact your trainer or another member of Austrain Academy's staff.

Disclosure of a particular status (for example, diagnosis of a specific disability or condition) is not a requirement to access support. However, the more information we have, the easier it is to determine appropriate supports for you.

Please click on the following link [Disability Support Good Practice Guide](#) for information on the types of support / adjustment that may be available for students with disability or learning support needs.

[A Disability Supplement](#) is available which will assist with answering the Disability question in our enrolment forms. Both of these documents may be found on our website under the Information heading.

Some students may be eligible for Fee Free or Concession Fee training.

Please see our [Application Form](#) for more information and eligibility information.

If we do not have the resources to offer a student with additional needs the support they require, we will:

- Assist the student to find a more appropriate course; or
- assist the student to locate another Registered Training Organisation (RTO) who has the necessary resources

In all cases, we will comply with the Disability Standards for Education found at:

<https://www.education.gov.au/disability-standards-education-2005>

Examples of supports that may be available:

- searching online for information and resources/tools to assist with their studies
- listening to audio books, where available, instead of using printed books
- adjusting study loads, such as studying part-time or taking study breaks
- developing and using stress management strategies

Please let us know if there is anything else that would assist you with the successful completion of your studies.

Drug and Alcohol Policy

Austrain Academy has a duty of care to ensure the health and safety of all employees / contractors / student, customers and visitors. The effects of drugs and alcohol can have a significant impact on the incidence of accidents and injuries in the workplace. In addition, dependence on the consumption of drugs and alcohol can have significant short term as well as long term effects. We ask employees / contractors to note the following points:

- no employee / contractor / student is to consume alcohol or partake of any illegal or recreational drugs of any kind whilst on duty or undergoing training & / or assessment (including their breaks)
- where prescribed medication is to be taken it should be done so as directed
- employees / contractors / students must inform Austrain Academy and abide by any warnings that come with their medication (i.e. some medication may cause drowsiness or not be recommended to operate machinery, etc.)
- the above two points also apply for any over-the-counter medication
- if you appear to show signs of having taken drugs or alcohol, your training / assessment session may be discontinued temporarily or permanently or you may be required to submit a medical test

Failure to adhere to the above points may result in Austrain Academy initiating disciplinary procedures against you.

The CEO and Office Manager or Trainer / Assessor of Austrain Academy are advised to detect early or potential signs of drug and alcohol consumption. If you feel you may have a problem related to drugs or alcohol, Austrain Academy encourages you to speak to your Trainer / Assessor, the CEO and / or the Office Manager who will assist you in obtaining further professional advice on a confidential basis.

Discipline

Austrain Academy attempts to provide training and assessment services in a spirit of co-operation and mutual respect.

If a trainer or staff member is unhappy or dissatisfied with the behaviour or performance of a student the trainer has the authority to:

- Warn the student that their behaviour is unsuitable, or
- Ask a student to leave the class, without refund or acceptance into another course, or
- Immediately cancel the class.

If a student wishes to express a complaint in relation to the disciplinary action taken, they have the opportunity to follow our complaints procedure.

We expect that our personnel will maintain a professional and ethical working relationship with all other personnel, management and students. Any breach of our disciplinary standards will be discussed with the trainer and Austrain Academy's CEO and / or Office Manager and the appropriate action will be taken.

Academic Integrity

Academic integrity is:

*'the expectation that trainers, students, researchers and all members of the academic community act with: **honesty, trust, fairness, respect and responsibility.**'*

Breaching academic integrity is also known as 'academic misconduct' or 'academic dishonesty'.

All Australian tertiary students are expected to uphold academic integrity during their studies. An important way of upholding your academic integrity is by contacting your trainer or Austrain Academy administration if you are having study problems and working with us on solutions.

Studying and learning provides the knowledge expected of a graduate from your course but any form of cheating means that you could miss important professional knowledge and practice that you need to succeed in your future career.

Protecting your reputation:

Students become part of a learning community when they study. Actions that undermine the academic integrity of your course or institution could affect your reputation in the future. For example, if you are caught cheating during your studies, professional bodies may refuse to accredit you.

Avoiding criminals:

Maintaining academic integrity also protects you from criminals.

Commercial cheating services are illegal in Australia.

Students who use illegal cheating services, to buy an essay, study notes or have someone impersonate them in an exam, are also at risk of blackmail. Operators of illegal cheating services can threaten to inform the university or the student's future employer about their cheating unless the student pays them a large sum of money – sometimes years after the cheating took place.

Behaviours that support academic integrity:

You can support academic integrity by:

- acknowledging where the information you use comes from, clearly citing or referencing the source
- sitting your own exams and submitting your own work
- accurately reporting research findings and abiding by research policies
- using information appropriately, according to copyright and privacy laws
- acting ethically or doing the 'right thing', even when you are facing difficulties.

If you are having problems that could affect your academic performance, it is best to speak to your lecturer or tutor or course coordinator.

Behaviours that undermine academic integrity:

A range of student behaviours can undermine academic integrity. Sometimes, students mistakenly believe that these behaviours are commonplace or don't have consequences. This is wrong. Substantial penalties can apply for breaching academic integrity (see *Penalties for breaching academic integrity* below for more information).

Behaviours that undermine or breach academic integrity include:

- Plagiarism

Submitting work that is not your own without acknowledging, citing or referencing the original source of the work, is known as plagiarism. It doesn't matter whether you do this accidentally or on purpose, whether you change the words to make them your own or simply copy and paste. When you are using another person's thoughts and ideas, you must reference the source material.

- Recycling or resubmitting work

Recycling involves submitting (or resubmitting) work that has already been assessed, without your teacher's permission. For example, submitting a report that you were graded on in a first-year class as part of your work in a third-year class. If you want to build on your previous work, you should discuss this first with your teacher.

- Fabricating information

Fabrication involves making up information for research-focused assessment tasks, such as experimental or interview data. It can also include inventing sources of data, evidence or ideas by citing publications that are incorrect or that simply don't exist.

- Collusion

Collusion involves engaging in **illegitimate cooperation** with one or more other students to complete assessable work. This is different to working on group assignments that are set by your teachers. Examples of illegitimate cooperation include working with a friend or group of friends to write an essay or report that is meant to be an individual piece of work. It can also include sharing quiz or test questions and answers with other students, as well as written assignments like reports and essays. Illegitimate cooperation can unfairly advantage a student or group of students over others. Students should also never share their work with others as there is a risk the person you share it with could upload it to an illegal commercial cheating service or circulate it to others.

- Exam cheating

Exam cheating includes:

- writing 'cheat notes' on your body or materials you take into the exam room
- attempting to copy from other students
- communicating with other students or people outside the exam venue while the exam is in progress
- using electronic devices to access information related to the exam while it is in progress
- bringing prohibited items, such as unapproved calculators or textbooks into exams.

- Contract cheating and impersonation

Contract cheating is a type of illegal commercial cheating. It involves getting someone else to complete part or all of your work and then submitting the work as if you had completed it yourself. This can include asking someone else to sit an exam for you or having them write an essay, report or some other kind of assignment, which is sometimes referred to as 'ghost-writing'.

Actions that support illegal contract cheating services are also considered breaches of academic integrity.

Students can face a range of penalties for breaching academic integrity, which is commonly referred to as 'academic misconduct' or 'academic dishonesty'. It is often thought that students rarely get caught. Yet research shows teachers and institutions can detect breaches of academic integrity, and students doing the wrong thing do get caught and ways of catching cheating are constantly improving.

Penalties for breaching academic integrity is at the discretion of authorized Austrain Academy can include:

- having to repeat the assessment task or unit of study
- failing the assessment task, unit of study or course
- being expelled from Austrain Academy
- facing criminal charges.

In addition to the risk of academic or criminal penalties, being found to have breached academic integrity can impact your relationships with other students, family and friends; impact your future career and cause you to suffer a financial loss.

Getting help

If you have questions about academic integrity, or need study skills advice and support, you should speak with Austrain Academy. Your trainers or course coordinator are a good place to start.

If you are alleged to have breached academic integrity, you should treat this matter seriously. Austrain Academy has clear policies and procedures related to student discipline, complaints and appeals. You should read these policies.

You will be required to sign a declaration confirming that all assessments submitted are your own work.

3.1 For the purposes of interpretation of the Policy:

3.1.1 Terms such as 'include' and 'including' do not limit interpretation to only those things listed, and do not limit the interpretation in any way;

3.1.2 Wherever a singular word or phrase is used, the same applies to the plural, and any reference to gender includes reference to all genders; and

3.1.3 Clauses and subheadings are used for ease of reference only.

4. Policy

4.1 AI is being used in the workplace and educational facilities on a steadily increasing basis.

4.2 Austrain Academy expects that all content generated in the course of employment with Austrain Academy will be the Staff's original work and any use of AI will be for assistive purposes only, not to create substantive content.

4.3 Austrain Academy expects that all content generated in the course of undertaking studies with Austrain Academy will be the Student's own original work and any use of AI will be for assistive purposes only, not to create substantive content for the purposes of assessment.

4.4 Austrain Academy understands and acknowledges that ChatGPT, in particular:

4.4.1 can be a useful resource for the purposes of research and drafting;

- 4.4.2 uses information gained from data that has been fed into it, together with data mined from the internet;
 - 4.4.3 is not a private or trusted platform, and may retain information entered, and which may be accessed by third parties;
 - 4.4.4 allows users to feed data into it to generate content;
 - 4.4.5 uses approximately 175 billion parameters;
 - 4.4.6 cannot create video, sound or images, but is able to generate content through spoken and written word;
 - 4.4.7 has limitations, including:
 - 4.4.7.1 inability to process requests relating to recent content due to the lack of available data e.g. topics post-2021 when utilising the free version
 - 4.4.7.2 where request is 'niche', and minimal information is available; and
 - 4.4.7.3 where too many parameters are provided;
 - 4.4.8 may adopt biases and stereotypes;
 - 4.4.9 may draw upon 'fake' news and other unreliable sources;
 - 4.4.10 should not be relied upon without revision and editing by Staff and Students.

 - 4.5.4 Ethics and morality;
 - 4.5.5 Contractual obligations;
 - 4.5.6 Consumer protection;
 - 4.5.7 Inclusivity;
 - 4.5.8 Enforcement of restraints;
 - 4.5.9 Commercially sensitive information;
 - 4.5.10 'Dehumanisation' of information – as AI is artificially generated, it fails to have the 'human' touch which forms an integral part of content. The inability to include the

human touch may also lead to generated information being identified as racist, sexist or in other ways discriminatory, inappropriate and non-inclusive;

4.5.11 Misinformation and inaccuracy – at the time the Policy was drafted, the free version of ChatGPT only extended to 2021 and would thus be out of date in many areas. ChatGPT and AI relies upon the information it is fed, the majority of which is not fact-checked. There is also a risk that information is plagiarised which could lead to liability for breaches relating to intellectual property; and

4.5.12 Accuracy – as the AI relies upon information that it is fed, it is entirely possible that collectively a large portion of incorrect and unreliable information could be used to generate content and create hallucinations.

4.6 Staff and Students are permitted to use ChatGPT and AI in the following manner, specifically noting that in each area it is the Staff's / Student's responsibility to proof-read, fact-check and edit any content created by AI, and to request sources wherever possible and relevant. All sources must be verified:

4.6.2 Scheduling and time management;

4.6.3 Idea generation;

4.6.10 For other limited drafting purposes which may include emails, proposals, blogs, speeches and webinar content.

4.7 Staff and Students are not permitted to use ChatGPT and other AI in the following manner:

4.7.1 To create substantive content;

4.7.2 To generate content on which third parties may later rely;

4.7.3 As a final editing tool;

4.7.4 As a 'trusted source';

4.7.5 For medical or legal advice; and

Language, Literacy and Numeracy (LLN) Assistance

Our course standard material contains written documentation and very limited numerical calculations.

We recognise that not all people are able to read, write and perform calculations to the same standards.

We will endeavour to help you where we can to accommodate anyone experiencing difficulties with language, literacy or numeracy.

All students must also complete the appropriate LLN assessment for their course level available at LLN Robot to assist with determining the level of support that may be required:

<https://austrain-academy.quiz.lln.training/?quizId=acsf3shortcourse>

<https://austrain-academy.quiz.lln.training/?quizId=acsf3>

<https://austrain-academy.quiz.lln.training/?quizId=acsf4>

In the event that a student's needs exceed our skill we will initially:

- 1) Provide reasonable adjustment to our Training and assessment Strategies to accommodate the student.
- 2) Refer the student to an external support provider or bridging course.
- 3) Provide access to an Interpreter (Ph. 13 14 50) that may provide mentoring assistance.

Literacy and Numeracy Support:

National Australian Council of Adult Literacy

Phone: 03 9469 2950

Email: info@acal.edu.au

The cost of the external provider will be at the expense of the student.

Stakeholder Feedback and Survey Policy

Austrain Academy is committed to securing and reviewing advice and feedback from all its stakeholders. Austrain systematically evaluates this feedback and uses the outcomes of the evaluations to continually improve our training and assessment strategies and practices. Evaluation information includes but is not limited to quality/performance indicator data, validation outcomes, client trainer and assessor feedback and complaints and appeals.

Quality Indicator data gathered from students and employers using the required learner engagement and employer satisfaction questionnaire is reported annually to ASQA.

Complaints and Appeals Policy

We will deal with any student or staff complaints (including allegations of misconduct) or appeals in an effective and timely manner. The complaints / misconduct / appeals process will be instigated by the staff member responsible for taking the complaint / misconduct / appeal. All known details of the complaint / misconduct / appeal shall be recorded on the Complaints / Misconduct / Appeal Form by the complainant or staff member taking the complaint. The form will be forwarded to the CEO who is the Consumer Protection Officer who will attempt to resolve the complaint, allegation of misconduct or appeal in consultation with management and the complainant / appellant.

All complaints & appeals shall be reported at the next Management Meeting and recorded in the complaints or appeals register detailing the actions taken / required to arrive at a satisfactory resolution of each complaint, allegation and appeal.

The CEO and / or Office Manager are responsible for managing the resolution of any appeal or complaint and will be able to supply and assist with the relevant feedback, appeal or complaint form. These forms are also available on the Austrain Academy website: <https://www.austrainacademy.com.au/info/download-forms>

- Each allegation, appeal and complaint and its outcomes will be recorded in writing via the appropriate form.
- We will act upon any substantiated allegation, complaint or appeal and these may result in a Continuous Improvement activity within Austrain Academy or a penalty applied as per the Academic Integrity Policy and / or any relevant legislation or documented Austrain Academy policy.
- If an appeal for re-assessment is lodged, we will make all necessary arrangements to conduct the re-assessment of the student at a time that is mutually convenient for all parties concerned. An alternative assessor may be appointed to reassess the unit of competence.
- We will ensure allegations of misconduct, complaints and appeals are finalised as soon as practicable and will inform complainants/appellants in writing the reasons when an allegation, complaint or appeal will take longer than 60 days to finalise, and will update the complainant/appellant of progress.
- The complainant or appellant will be provided with a formal written statement of the resolution of the complaint or appeal that will state the reasons for the decision.

If the issue is not resolved through this process, each appeal and complaint can be heard by an independent adjudicator, person or panel. The suitable independent person or panel will need to be agreed upon by both the student and Austrain Academy and could include another external Trainer Assessor. Alternatively, it could include independent commercial mediators such as listed on [Leadr](#). Government managed organisations such as [Community Justice Centres](#) may also be utilised. A full list of accredited mediators may be found at <https://amdras.au/>

Costs for the independent person or panel, will be borne by Austrain Academy.

The CEO will negotiate the identification and engagement of the mutually agreed person or panel.

Continuous Improvement Policy

Austrain Academy recognises the need for ongoing continuous improvement.

We recognise that opportunities for continuous improvement will occur in every facet of our business and that they can occur through any means. This includes quality indicator data, stakeholder feedback, complaints and appeals, validation sessions and suggestions for improvements.

We recognise the value of these opportunities and have developed a continuous improvement record and register within our Management System. The record and register allow us to record all improvement activities and review these at our monthly management meetings.

Minor improvements generally fall into the category of spelling mistakes, typos or other items that can be added to a list and corrected for the next version. Most documents are reviewed annually, thus the longest a spelling mistake can be in existence is 12 months.

A significant change will precipitate an immediate document change, a new version number and contact to all affected parties resulting in a new document being issued. There is an 'error report' form located within all materials and available on our SMS (JobReady) to be utilised for updates to documentation, materials etc. We will use our continuous improvement process as the corrective action tool for any changes required within our documentation or procedures.

Some of the changes required will occur as a result of a structured review of our tools and processes, such as our moderation meetings, client complaints or appeals, our risk assessment review meetings held with our monthly meetings, self-assessment or even external audit or as a result of feedback from our stake holders. Some of our continuous improvement activities will be as a result of "ad hoc" or "inspirational ideas". Progress with continuous improvement activities is monitored at the monthly meetings. Here the continuous improvements are discussed and implementation results confirmed.

The continuous improvement system is aware that there can be unexpected results of implementing change and thus continuous improvement activities are monitored to check for any "knock on" effects. In the event of a "knock on" effect, we will re-evaluate the improvement and determine if another solution is possible without the knock on effect, or if not the desired choice, we will implement further continuous improvement activities to deal with the "knock on" effects.

Stakeholder Feedback forms are held by the Chief Executive Officer and are available on our website. Continuous improvement items can be raised by any staff member. In the event that a student has raised a continuous improvement item, the staff member receiving the item shall complete the form and act as the student's proxy at all relevant meetings.

Harassment and Discrimination Policy

We are required under Australian law to ensure that we provide a workplace that is free from all forms of harassment and discrimination (including victimisation and bullying) so that personnel and students feel valued, respected and are treated fairly.

We will ensure that all of our personnel understand their roles and responsibilities in creating such a workplace, by a process of training, communication, mentoring and by example, and we will ensure all of our personnel are aware of the processes and procedures for addressing any form of harassment or discrimination.

Personnel and students should be aware of the following definitions:

'Bullying' - is unwelcome and offensive behaviour that intimidates, humiliates and / or undermines a person or group. Bullying involves a persistent pattern of behaviour over a period of time and may include verbal abuse,

physical assault, unjustified criticism, sarcasm, insult, spreading false or malicious rumours about someone, isolating or ignoring a person, putting people under unnecessary pressure with overwork or impossible deadlines, and sabotaging someone's work or their ability to do their job by not providing them with vital information and resources.

'Confidentiality' - refers to information kept in trust and divulged only to those who need to know.

'Discrimination' - is treating someone unfairly or unequally simply because they belong to a group or category of people. Equal opportunity laws prohibit discrimination on the grounds of sex, marital status, pregnancy, family responsibility, family status, race, religious beliefs, political conviction, gender history, impairment, age or sexual orientation. Victimisation is also treated as another ground of discrimination.

'Harassment' - is any unwelcome and uninvited comment or action that results in a person being intimidated, offended, humiliated or embarrassed. Equal opportunity laws prohibit harassment on the grounds of sex and race.

'Personnel' - refers to all employees / contractors of Austrain Academy.

'Racial Harassment' - occurs when a person is threatened, abused, insulted or taunted in relation to their race, descent or nationality, colour, language or ethnic origin, or a racial characteristic. It may include derogatory remarks, innuendo and slur, intolerance, mimicry or mockery, displays of material prejudicial to a particular race, racial jokes, allocating least favourable jobs or singling out for unfair treatment.

'Sexual Harassment' - is any verbal or physical sexual conduct that is unwelcome and uninvited. It may include kissing, embracing, patting, pinching, touching, leering or gestures, questions about a person's private or sexual life, requests for sexual favours, smutty jokes, phone calls, emails, facsimiles or messages, offensive noises or displays of sexually graphic or suggestive material.

'Victimisation' - includes any unfavourable treatment of a person as a result of their involvement in an equal opportunity complaint. Unfavourable treatment could include: adverse changes to the work environment; denial of access to resources or work.

Specific principles

- All personnel and students have a right to work in an environment free of any form of harassment and discrimination.
- All reports of harassment and discrimination will be treated seriously, impartially and sensitively. Harassment and discrimination, including victimisation and bullying, is unwelcome, uninvited and unacceptable behaviour that will not be tolerated.
- Management, when informed of any harassment or discrimination, has the responsibility to take immediate and appropriate action to address it.
- In dealing with all complaints, the rights of all individuals should be respected and confidentiality maintained.
- Whenever possible, all complaints should be resolved by a process of discussion, cooperation and conciliation. The aim is to achieve an acceptable outcome while minimising any potential damage to our organisation.
- Both the person making the complaint, and the person against whom the complaint has been made, will receive information, support and assistance in resolving the issue.
- Victimisation is unacceptable and will not be tolerated. No person making a complaint, or assisting in the investigation of a complaint, should be victimised.
- Harassment or discrimination should not be confused with legitimate comment and advice (including feedback) given appropriately by management or trainers.
- Personnel and students should not make any frivolous or malicious complaints. All personnel and students are expected to participate in the complaint resolution process in good faith.

If you feel that you are being harassed, you may like to let the other party know that their behaviour is not acceptable and that you need it to stop. You may also choose to discuss the situation and seek advice from your trainer or the Austrain Academy CEO or Office Manager. You may also lodge a formal complaint.

Recognition of other Qualifications

All AQF qualifications and statements of attainment issued by other registered training organisations will be fully recognised by Austrain Academy.

These qualifications will be recognised and where appropriate could be used to reduce any training program being offered by us.

We are not obliged to issue a qualification or statement of attainment that is achieved wholly through recognition of units and/or modules completed at another RTO or RTOs.

In some cases, licensing or regulatory requirements may prevent a unit or module being awarded through a credit process.

In the case of superseded UOC's, a judgement will be made by an assessor which completed superseded units may be given a Credit Transfer outcome and which will need to be completed in full or subject to an RPL process. Only units deemed equivalent in the training package will be granted credit transfer.

Note that providing credit for previous studies is not a recognition of prior learning (RPL) process. RPL is a form of assessment of the competence of a person, while providing credit is recognising the equivalence of studies previously undertaken and completed successfully.

Credit transfer applications received by Austrain Academy personnel shall be judged according to Austrain Academy policies and any appeals shall be forwarded to the next scheduled meeting for consideration.

Flexible Delivery and Assessment Procedures

Austrain Academy recognises that not all students learn in the same manner, and that with an amount of "reasonable adjustment" students who may not learn best with traditional learning and assessment methods will achieve good results.

Austrain Academy will make any necessary adjustment to meet the needs of a variety of students. The ability to complete a written assessment is not to be interpreted as a barrier to competency, provided that the student can verbally and physically demonstrate competency.

These adjustments may include having someone read assessment materials to students or they may include having someone record the student's spoken responses to assessment questions.

Austrain Academy undertakes to assist students achieve the required competency standards where it is within our ability.

Where we cannot assist a student, we will refer them, where possible, to an agency that can assist.

Any further questions can be referred to your trainer or Austrain Academy's CEO and or Office Manager. See also the Student Support, Welfare and Guidance Policy.

RPL Policy and Procedure

RPL

RPL is a form of assessment that acknowledges skills and knowledge gained through:

- Formal training conducted by industry or education
- Work experience
- Life experience

The main principle of RPL focuses on the outcomes rather than when or where the learning occurred. Evidence of competency is collected by the applicant and submitted to the nominated assessor and assessment is made based on the required industry standard within the relevant training package unit of competency.

Credit Transfer

Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on identified equivalence in content and learning outcomes between matched qualifications. Credit transfer is applicable for the equivalent Training Package Units only. A certificate / statement of attainment / testamur is required to apply for credit transfer.

Austrain Academy is committed to providing up to date and relevant RPL information to all students during enrolment and whilst enrolled. Austrain Academy staff / contractors will provide support and guidance regarding RPL enquiries.

All applicants for Recognition of Prior Learning (RPL) will be provided with a copy of the relevant unit of competency and evidence requirements for the units being applied for as well as our **Recognition of Prior Learning Information Kit**.

Applicants who are able to provide satisfactory evidence that they have achieved the required unit of competency or competencies may progress through the course with an exemption for the RPL units.

Further information is available in Austrain Academy's Recognition of Prior Learning Information Kit; available from our office or online at www.austrainacademy.com.au

RPL Application Procedures

- Students must first nominate on their enrolment application form that they wish to be considered for RPL and pay any fee applicable (this will be disclosed prior to finalisation of enrolment).
- RPL evidence should be supplied at enrolment if possible or permission given for Austrain Academy to view your USI records when this function is available.
- Please note – RPL may be requested at any point prior to individual units of competence being commenced.
- On receipt of an RPL application / notification, Austrain Academy trainer / assessors will provide the student with the RPL Information Kit.
- Training Staff / contractors will monitor the students' progress in order to provide ongoing advice or assistance in the collection of competency evidence.
- Once a student has completed the collection of their competency evidence they should submit the RPL evidence to their trainer / assessor for assessment.
- Should insufficient evidence be provided further guidance may be provided by training staff / contractors or a scheduled assessment event may be negotiated where observation of the competency in a number of contexts may be conducted.
- All competency decisions shall be recorded with assessment advice and or statements of attainment or qualifications being issued as soon as practicable.
- If a student does not agree with the RPL decision, they may lodge an appeal to have the decision reviewed. (See Appeals Policy & Procedure in the student Handbook)

- Students who believe they have skills and knowledge that would be covered in the training programs offered by Austrain Academy should apply at time of enrolment to have their skills and knowledge assessed and where appropriate have the training program reduced.
- Students can make an application for RPL at any time during the training program.
- For Smart & Skilled students, any RPL granted will reduce the Student Fee payable.
- For other students, Evaluation of RPL applications is charged at \$330 (inc. GST) per Unit of Competence or part thereof. This fee is subject to change, so please contact Austrain Academy.
- Students who are funded through a Work Based Traineeship will be exempt from the above fee.

Training Package Transition and Teach out Policy

Transition Policy

Learners are entitled to graduate with a qualification that most closely represents the current skill needs of industry. A qualification being superseded or discontinued is a clear indication that industry needs have changed to the extent that the previous qualification is no longer suitable.

To best meet the needs of students and industry, Austrain Academy will ensure that:

- a. where a training product on its scope of registration is superseded, all learners' training and assessment is completed and the relevant AQF certification documentation is issued or learners are transferred into its replacement, within a period of one year from the date the replacement training product was released on the **National Register**. No new enrolments in the superseded product will be processed after this time.
- b. where an AQF qualification is no longer current and has not been superseded, all learners' training and assessment is completed and the relevant AQF certification documentation issued within a period of two years from the date the AQF qualification was removed or deleted from the National Register
- c. where a skill set, unit of competency, accredited short course or module is no longer current and has not been superseded, all learners' training and assessment is completed and the relevant AQF certification documentation issued within a period of one year from the date the skill set, unit of competency, accredited short course or module was removed or deleted from the National Register, and
- d. a new learner does not commence training and assessment in a training product that has been removed or deleted from the National Register.

The requirements specified above, do not apply where a training package requires the delivery of a superseded unit of competency.

In the case of the qualification being removed or deleted from the National Register without being superseded by another, and completing the qualification is the best path for the learner, Austrain Academy will ensure that all training, assessment and issuance of certification is completed within two years of the date the qualification was removed.

Transition Procedures

- The CEO and Office Manager shall each maintain an active 'notification account' on **training.gov.au** website for each qualification and or unit of competency on Austrain Academy's scope of registration.
- The Office Manager shall respond to each superseded qualification or unit of competency on Austrain Academy's scope of registration via a course relevant, summary mapping review.
- The Office Manager shall provide a written report to the CEO detailing the findings from the summary mapping review and the required actions and scheduling to update all relevant Austrain Academy course material documentation and applicable training and assessment strategies.
- All Austrain Academy training staff will be required to implement required actions to deliver reviewed course materials relevant to updated training package qualifications, units of competency and accredited courses.
- The Office Manager shall ensure that specific assessment validation measures are applied to all updated course materials.
- The Summary Mapping Review Report shall be used and completed as a record by the Office Manager and CEO during the review and update.
- Equivalent qualifications / units of competence will be added to Austrain Academy's scope automatically by ASQA. Otherwise, the CEO shall ensure that the scope addition application for updated unit/s or replacement qualifications is submitted as soon as practicable but no later than 12 months from the date of publication of the updated unit/s or replacement qualification on the national register.
- The CEO shall also ensure that State Training Contracts are updated through the appropriate procedure.

- Austrain Academy Management will provide timely, adequate advice and guidance to all enrolled students concerning superseded, expired or deleted units and or qualifications delivered by Austrain Academy.
- The Office Manager will provide written advice to students identifying the publication date of updated unit/s of competency and information concerning the nature of the changes to the unit/s and Austrain Academy's current schedule of progress toward transitioning to the updated unit/s or qualification.
- Following the approval of Austrain Academy's transition of updated units on the National Register, Austrain Academy will commence enrolments in all relevant new courses.
- A new learner does not commence training and assessment in a training product that has been removed or deleted from the National Register.
- A student who has not completed a superseded qualification / unit by 12 months following the publication of its replacement, will be immediately transferred to the replacement qualification / unit/s. If they are unable or unwilling to transfer, a Statement of Attainment and Record of Results will be issued detailing the units achieved to that point.
- The requirements specified above for units of competence do not apply where a training package requires the delivery of a superseded unit of competency.

Volume of Learning

The **Australian Qualifications Framework (AQF)** provides a guide to the volume of learning, which describes how long a learner who does not hold any of the competencies identified in the relevant units of competency or modules would take to develop all the required skills and knowledge. The volume of learning includes all teaching and learning activities such as guided learning (classes, lectures, tutorials, online or self-paced study), individual study, research, learning activities in the workplace and assessment activities. The amount of training provided by Austrain Academy is part of the overall volume of learning and relates primarily to formal activities including classes and other activities as well as workplace learning. Austrain Academy is required to comply with the AQF in applying the volume of learning to its programs. Austrain Academy has developed and implemented strategies for training and assessment that are consistent with the AQF. Different strategies will be developed for different delivery models and target groups.

If a course is structured so as to be completed in a shorter time period than that described in the AQF, then the specific learner cohort must have the characteristics to achieve the required rigour and depth of training, and be able to meet all of the competency requirements in a shorter timeframe.

All programs must take into account the need to allow learners to reflect on and absorb the knowledge, to practice the skills in different contexts and to learn to apply the skills and knowledge in the varied environments that the 'real world' offers before being assessed.

Assessment Standards

All assessments conducted by us will:

- Comply with the assessment guidelines defined in the relevant nationally endorsed training package. In the case of our qualifications we will ensure that the competency assessment is determined by a vocationally competent assessor who holds the TAE10 qualification or the equivalent qualifications.
- All of our assessments within our RTO will lead to the issuing of a statement of attainment or the issuing of a qualification under the AQF where a person is assessed as competent against the National Endorsed units of competency in the applicable training package.
- All of our Assessments will adhere to the **Principles of Assessment and Rules of Evidence**.

Principles of Assessment- the assessment system facilitates assessment which must be conducted in accordance with the following principles:

Fairness

Assessment accommodates the needs of the VET student, including implementing reasonable adjustments where appropriate and enabling reassessment where necessary.

Flexibility

Assessment is appropriate to the context, training product and VET student, and assesses the VET student's skills and knowledge that are relevant to the training product, regardless of how or where the VET student has acquired those skills or that knowledge.

Validity

Assessment includes practical application components that enable the VET student to demonstrate the relevant skills and knowledge in a practical setting; assessment of knowledge and skills is integrated with their practical application.

Reliability

assessment evidence is interpreted consistently by assessors and the outcomes of assessment are comparable irrespective of which assessor is conducting the assessment.

Rules Of Evidence - assessors make individual assessment judgements that are justified based on the following rules of evidence:

Validity

Assessment evidence is adequate, such that the assessor can be reasonably assured that the VET student possesses the skills and knowledge described in the training product.

Sufficiency

The quality, quantity and relevance of the assessment evidence enables the assessor to make an informed judgement of the VET student's competency in the skills and knowledge described in the training product.

Authenticity

The assessor is assured that a VET student's assessment evidence is the original and genuine work of that VET student.

Currency

The assessment evidence presented to the assessor documents and demonstrates the VET student's current skills and knowledge.

We will achieve this through:

- careful design of the assessments,
- validation and moderation of the assessment materials conducted at least annually or when new training packages (or updated versions) are published,
- an understanding of the definition and practical application of the above definitions.

Assessment Criteria

All of our assessments will provide for applicants to be informed of the context and purpose of the assessment and the assessment process.

This will include information regarding assessment methods, and alternative assessment methods if required to accommodate special needs or circumstance. Information will also be included at the start of each unit or course as to the assessment processes, number of assessments and the types of assessment.

Assessment Methods

Our assessments and assessment methods will ensure that we:

- focus on the application of the skill and knowledge as required in the workplace, including:
 - Task skills (actually doing the job)
 - Task management skills (managing the job)
 - Contingency management skills (what happens if something goes wrong)
 - Job role environments skills (managing your job and its interaction with others around you)

We will ensure that we assess you in sufficient detail to ensure that we can determine that you have attained competency. Personnel are available to discuss and provide limited professional advice as to the outcomes of the assessment process and guidance on future options.

All assessment tasks must consider any language and literacy issues, cultural issues or any other individual needs related to the assessment. Re-assessment is available on appeal; see further details in the appeal policy section.

Austrain Academy's assessment processes and documents allow for assessment of Foundation Skills. They are defined as the combination of:

English language, literacy and numeracy (LLN) – listening, speaking, reading, writing, digital literacy and use of mathematical ideas; and employability skills, such as collaboration, problem solving, self-management, learning and information and communication technology (ICT) skills required for participation in modern workplaces and contemporary life. Foundation skills development includes both skills acquisition and the critical application of these skills in multiple environments for multiple purposes. Foundation skills are fundamental to participation in the workplace, the community and in adult education and training.

Assessment Validation and Quality Control

Validation is a review of assessment judgements made by Austrain Academy. Validation is generally conducted after assessment is complete. The process must be undertaken in a systematic way. It involves checking that assessment tools have produced valid, reliable, sufficient, current and authentic evidence.

Validation may include engagement with industry to confirm the assessment system produces valid assessment judgements, and ensures graduates have the skills and knowledge required by industry, as expressed in the training package or accredited course.

Moderation is a quality control process aimed at bringing assessment judgements into alignment. Moderation is generally **conducted before the finalisation of student results** as it ensures the same decisions are applied to all assessment results within the same unit of competency.

The requirement in the Standards to undertake validation of assessment judgements does not affect our ability to undertake moderation activities, or any other process aimed at increasing the quality of assessment.

Austrain Academy CEO will schedule validation and moderation activities so that each training product and associated materials and processes are validated at least once every five years, and on a more frequent basis where the organisation becomes aware of risks to training outcomes, any changes to the training product or receives relevant feedback from VET students, trainers, assessors, and industry.

We utilise a risk-based approach – informed by any risks to training outcomes, any changes to the training product or any feedback from VET students, trainers, assessors, and industry – to determine:

1. the components of the assessment system for a training product which are to be validated; and
2. the sample size of assessments that are to be validated in respect of a particular training product.

The sample of assessment judgments selected for validation is random and is representative of all assessment judgments. This will allow for reliable prediction of the likelihood of any assessment judgment being valid. The tools used to assist in determining the required sample size is ASQA's **validation sample size calculator**.

Systematic validation of Austrain Academy's assessment practices and judgements is undertaken by one or more persons who are not directly involved in the particular instance of delivery and assessment of the training product being validated, and who collectively have:

1. industry competencies, skills and knowledge relevant to the training product;
2. a practical understanding of current industry practices relevant to the training product; and
3. one of the credentials for validation specified in the **Credential Policy**

The outcome of an assessment validation is not solely determined by a person who has designed or delivered the training or assessment; and outcomes of an assessment validation are used to inform changes to the assessment system.

Industry experts may be involved in validation to ensure there is the combination of expertise set out in (1) to (3) above. Industry representatives must have input into the skills and knowledge our trainers and assessors are required to hold, and the resources used for training and assessment.

Independent validation of assessment is desired and requires involvement in the validation process by parties independent of Austrain Academy. Those parties must hold, as a minimum, either a Certificate IV in Training and Assessment or its equivalent. It can involve industry representatives, other registered training organisations, specialist assessors and experts in education and assessment.

Where updated materials are required outside of the scheduled review (eg. Training Package updates); all applicable materials will be updated and subject to the validation process prior to replacing the existing materials.

Using the Assessment Validation template or similar document, each assessment tool, mapping document, facilitator guide and associated materials and policy will be reviewed to ensure they:

- comply with the assessment requirements of the relevant training product
- ensure the principles of fairness, flexibility, validity and reliability are adhered to
- have been designed to produce valid, sufficient, authentic and current evidence
- are appropriate to the contexts and conditions of assessment (this may include considering whether the assessment reflects real work-based contexts and meets industry requirements)
- are appropriate in terms of the level of difficulty of the tasks to be performed in relation to the skills and knowledge requirements of the unit
- provide sufficient instruction to clearly explain the tasks to be administered to the learner (if the assessment samples demonstrate the evidence provided by each learner is markedly different, this may indicate that instructions are not clear)
- give sufficient guidance as to the evidence to be gathered from the learner
- outline appropriate reasonable adjustments that could be made to the gathering of assessment evidence
- provide sufficient instructions for the assessor on collecting evidence, making a judgement, and recording the outcomes of the assessment (assessment samples should validate recording and reporting processes)
- are supported with evidence criteria to judge the quality of performance (if the assessment samples demonstrate the judgements made about each learner are markedly different, this may indicate that decision-making rules do not ensure consistency of judgement), and
- adhere to the requirements of the RTO's assessment system.

Samples of completed assessments will be reviewed to determine any:

- Consistent misinterpretations of questions by participants
- Consistent erroneous answers by participants
- Consistent misinterpretation of questions or answers by trainer/assessors

The mechanism for initiating the change and monitoring progress will be the Continuous Improvement process and the five year validation plan. Management Meetings will be the forum of communicating the intended change and implementation process for the new documentation.

Where we cannot contact the issuing body due to RTO closure etc, we will request the information from the Australian Skills Quality Authority. If they do not hold the required records, you will be unable to be granted Recognition of Prior Learning or Credit Transfer.

Alternately, you may give us access to your USI Transcript to verify. Please contact us if you are unsure how to do this. If the units of competence are not yet listed on your USI Transcript, you may wait for them to be reported or supply an SOA or Transcript.

Note: There are numerous reasons why your USI Transcript may not be up to date. Please see <https://www.usi.gov.au/students/training-records-and-transcript> for more information.
