Hi John

I would like to say what a great learning experience it is for the way in which the Academy's Commercial Cooking Classes are presented.

Your willingness to work one on one with apprentices and show them the right way to produce meal selections, preparation, presentation is excellent.

Not only do you have very experience trainers you also bring in experience trade persons to show them the more detailed points which gives the apprentices the knowledge which they can take back to their workplace and implement.

I strongly believe the Academy is a great organization.

Kind Regards
